

BERLIN ART WEEK 11—15 SEP 2024

About Berlin Art Week

Berlin Art Week is a contemporary art festival and major collaboration between important institutions in the Berlin art world. Every year for five days in September, the festival presents a diverse programme with more than 100 partners, from museums and exhibition venues to art fairs, private collections and project spaces as well as numerous galleries. For the art scene as well as the press, the festival is one of the most important events in the cultural calendar and offers a stage for all artists.

The Programme

During the festival week, the partners of Berlin Art Week open their doors and invite you to make new discoveries and to immerse yourself in current developments in contemporary art. Art experts and enthusiasts, international and national guests as well as all Berliners are invited to the exhibitions, performances, screenings and extensive educational programmes the festival has to offer.

Since its founding in 2012 with eleven partners, Berlin Art Week now unites more than 100 partners throughout the city. In addition to the established core, the circle of partners is expanded and thus reshaped each year through jury procedures and special formats. A diverse group of participants is thus created in different selection processes and via the respective specialist juries.

Since 2023, the new BAW Featured section has further presented a selection of special projects. For the first time, special projects can now apply directly with a project for a place in the festival programme. The exhibition projects will be chosen by a selection committee based on their artistic quality and their relevance to the topos of Berlin Art Week.

- The 14th edition of Berlin Art Week will take place from 10-14 SEP 2025.

›BAW Garten‹

Each year, the festival centre ›BAW Garten‹ serves as a central meeting point for all visitors of Berlin Art Week at a new location. During the festival week, local residents, art enthusiasts and those who are simply curious about art can come together here to exchange ideas, discover and shape the festival. Whether for workshops, performances, talks with artists or simply in between with a drink in hand.

Wording

Berlin Art Week is a coherent term and should not be separated. The word ›Berlin‹ is part of the name and is always added (not: Art Week). In English, there is never a ›The‹ used in front of the name Berlin Art Week.

Berlin Art Week is a project of Kulturprojekte Berlin. It is made possible with the support of the Senate Department for Culture and Community, the Senate Department for Economics, Energy and Public Enterprises and the European Regional Development Fund (EFRE). It is realized with funding from the Berliner Volksbank eG.
